'Work With Us'

Divisional Commanders Message

CITY
WIDE

A number of unplanned incidents over the last few months have demonstrated the unpredictable nature of policing and provided requirement to address investigation and resource issues across the City. I wish to highlight that the focus, despite these unexpected demands, is still very much on the provision of an appropriate service to our community. The ability for police officers and staff to continue to provide this service is aided through joint working arrangements with our partners as well as liaison with the community.

The demand on police resources continues throughout June, which is traditionally a very busy month for us with a number of events taking place across the city. This is also a forerunner to the summer months of July and August, which incorporate the school holidays and a number of major events such as the Edinburgh International Festival and the Royal Military Tattoo, as well as the increased number of smaller events across the Division. We will, however, strive to continue to provide the same level of service in local communities as we do at all other times in the year.

As always, if you have any concerns you wish brought to our attention your Community Beat Officer can provide invaluable advice and support.

Chief Superintendent Colin Campbell

Summer "Slip In" Thefts

HOT
TOPICS

At this time of year we regularly notice a rise in the number of "Slip In" thefts. These are committed in a number of ways, the most common being when you are in the garden and the thief slips into your house through an insecure door or window and steals your valuables. Similarly if it's a nice day and you leave windows or doors insecure whilst you go about your business inside the house you are leaving your property open to criminals.

Remember, it only takes a second to slip in and steal cash, credit cards, jewellery, digital camera, MP3 player, laptop or even your car.

If you are in your back garden, make sure that your front door is locked and secured, not just on the Yale lock as these are easy to overcome. Similarly if you have a conservatory or patio doors at the rear of your home it is important to secure them to prevent anyone slipping in whilst you're working in your garden. In the rare event that we experience a particularly warm and pleasant summer, do not be tempted to leave your windows open when you're out the house. Open windows can be an invitation to thieves and please remember to keep your car keys safe. Modern cars are virtually impossible to steal without the true key so don't leave them lying around in vulnerable areas. Keep your keys with you or secure them in a safe place, not on a key hook or near the front door.

ANY FINALLY

THERE'S A NEW BOY IN TOWN

Thought I'd let you that I now have a new Sergeant who will be my first line supervisor. He will work primarily from Oxfords police Station supervising officers there, Stevie at Balerno and myself.

His name is Keith Seaton and he previously worked in the Enquiry Office from 2002 to 2005, dealing with missing persons and deaths, offender management for 6 months then Gayfield before being promoted to West End 2007 covering Dalry / Gorgie corridor.

You will no doubt see him about or at one of the meetings he will be attending.
